Brenda Lee is an American pop singer, who was immensely popular during the 1950's and 1960's. She had the most charted hits of any woman in the 1960's, and only three male performers (Elvis, Ray Charles & the Beatles) outpaced her. She was one of the earliest pop stars to have a major contemporary international following. Over the ensuing years Lee has continued to record and perform all around the world. She is a member of the Rock & Roll Hall of Fame, and The Country Music Hall of Fame.
